

Safety & security rules for visitors

Welcome to ASML. For your safety and security please observe the following rules. If you have any questions, please contact your ASML host.

General information

- We welcome our visitors at our reception desks on working days between 07:30 and 18:30.
- Please report to the reception desk mentioned in your email confirmation.
- Please bring a valid ID for registration at the reception desk.
- Your ASML host will pick you up at the reception desk and drop you off there at the end of your visit.
- You must be accompanied by your ASML host at all times while on the ASML premises.
- Please return your ASML badge to the reception desk when you leave.
- If you observe any violation of these rules, please report this to your ASML host or to security via +31(0)40 268 5000.

Please remember to

-  - Make sure your ASML badge is visible at all times.
-  - Comply with all ASML safety, security and traffic indications.
-  - Park only in the designated (visitor) parking spaces.
-  - Keep all fire extinguishing equipment and emergency exits free.
-  - Strictly follow all ASML safety and security instructions given by the emergency response team or other authorized personnel.
-  - Only use audio-visual recording devices (such as cameras, smartphones, voice recorders and tablets) to take photographs, films or audio recordings, if they have been approved by the ASML Communications Department.
-  - Only view, copy or take ASML information after receiving approval from the information owner.
-  - Use any public network other than 'ASML_Public' to conduct ASML business.
-  - Engage with ASML employees and other visitors in a polite and respectful way.
-  - Smoke only in the designated smoking areas.

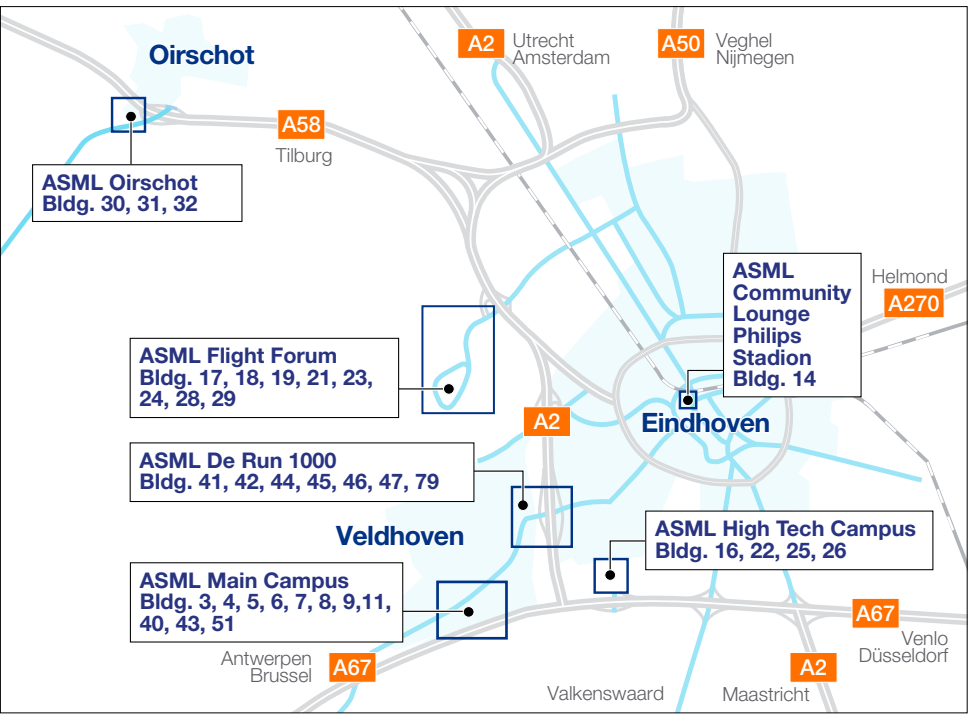

If you do not comply with these safety & security rules, you risk endangering yourself and others. ASML reserves the right to remove anyone from the ASML premises if these rules are not adhered to. Non-compliance can lead to a (temporary) denial of access to all ASML presises.

For contractors

-  - Any third parties conducting business on the ASML premises need a safety working permit.
-  - You can request more information about this permit from your ASML contract manager.
